Government Code Section 11349.6

OAL File No. 03-0922-02 C

Legislation enacted in 2002 (SB 1952, Stats. 2002, ch. 825, and SB 17, Stats. 2002, ch. 819) requires a licensed cemetery to employ a cemetery manager and a licensed crematory to employ a crematory manager to manage, direct, and supervise. Sections 9715.1, 9723, 9787, and 9787.2 of the Business and Professions Code require that on or after July 1, 2003 all cemeteries and crematories be managed by a manager who has been examined and licensed by the Bureau. This filing is a certificate of compliance for an emergency regulatory action which requires that applicants for examination or licensure as a cemetery manager or crematory manager submit a specified application, specifies an expiration period for such applications, establishes examination and licensure fees, and provides for the sharing of cemetery managers.

OAL approves this regulatory action pursuant to section 11349.1 of the Government Code.
